

# Partners In Health YEAR IN REVIEW

ENGAGE

## 2019-2020

56 teams,  
600+ members

### ADVOCACY

**GOAL:** Each team to publish 1 Letter to the Editor every semester

**GOAL:** Each member to meet with their Representative and Senators' offices, make 1 phone call, and write 1 letter every semester

*"My favorite memory of PIH Engage this year was when we held a call-in day to demand action for global health funding from our local representative, Tom Reed. Hearing all of our voices demanding action was a powerful scene that energized all of us to continue fighting for health equity both locally and globally."* -Diego, Cornell University TC

### EDUCATION

**GOAL:** 100% member completion of the PIH Engage Crash Course

**GOAL:** 100% teams screen "Bending the Arc" documentary

*"I am especially proud of our Bending the Arc Screening this year. Last year, our screening only had about 10 attendees. But this year, we had about 130-140 people watch the documentary. It was such a great feeling to see so many people interested or impacted by the screening."* -Amiel, Bellaire High School TC

### FUNDRAISING

**GOAL:** Raise \$100,000 as a network

*"No matter who or where you are, no matter your education level or stage of life, if you are passionate about health care, you can make a difference that has profound effects. This is why I joined. I did not want to waste a moment waiting to help fight injustice. I wanted to start now. PIH Engage not only allows this but also inspires and grows this drive both within me and within entire communities."*

-Hailey, UT Austin TC

**GOAL:** Engage over 3,500 donors
