

NOTICE AND DISCLAIMER

This publication is intended to be a resource for physicians and other healthcare professionals who provide care and treatment to patients in resource poor settings. Reasonable efforts have been made to ensure that the material presented here is accurate, reliable, and in accord with current standards *as of the date of publication*. However, as new research and experience expand our knowledge, recommendations for care and treatment change. Your use of this publication is provided on an “as is” basis without warranty of any kind, and none of the individuals or entities listed below represent or warrant that the information contained herein is complete or accurate or free from error. It is therefore the responsibility of the individual physician or healthcare professional to use his/her best medical judgment in determining appropriate patient care or treatment.

To the maximum extent permitted under applicable laws, no responsibility is assumed by any party involved in the production or publication of this publication, including without limitation, each of the contributors and authors; Partners In Health; the Program in Infectious Disease and Social Change, Harvard Medical School; Harvard Medical School Division of AIDS; the Division of Social Medicine and Health Inequalities, Brigham and Women's Hospital; and each of their affiliates, divisions, directors, officers, trustees, agents and employees (referred to collectively as the “Publishers and Contributors”). The Publishers and Contributors hereby disclaim all liability for errors, omissions, or any injury and/or damage (actual or perceived) to persons or property as a result of any actual or alleged product liability, libelous statement, or infringement of intellectual property or privacy rights, whether resulting from negligence or otherwise, including without limitation, from any reliance upon, use or operation of, any ideas, instructions, procedures, products or methods contained in the material included in this publication.

References to specific drugs or products within this publication do not constitute endorsement by the Publishers and Contributors. Individual patient needs may vary on a case-by-case basis, and physicians and other healthcare professionals should consult their standard resources before prescribing specific drugs or products to their patients.

This disclaimer and your use of this publication are and shall be governed and construed in accordance with the internal laws of the Commonwealth of Massachusetts, without regard to its rules concerning conflicts of laws. In the event of any conflict between foreign laws, rules and regulations and those of the United States, the laws, rules and regulations of the United States shall govern.

By choosing to use this publication, you acknowledge and agree to the terms of this disclaimer.
