

Facebook and Instagram Fundraising

Create a Facebook fundraiser

- Visit facebook.com/fundraisers
- Click **Select Nonprofit**
- Search for *Partners In Health* and click it
- Follow the instructions and then hit **Create** to post

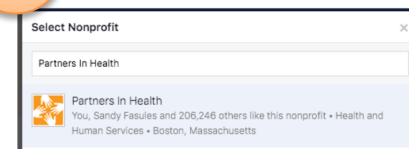

Or use this link: <https://www.facebook.com/fund/partnersinhealth/>

1

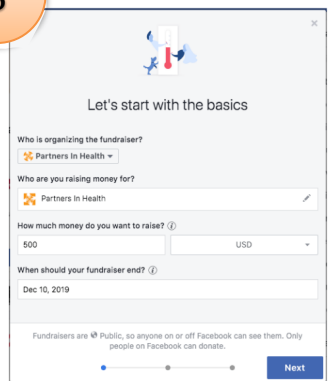

Click Select Nonprofit

2

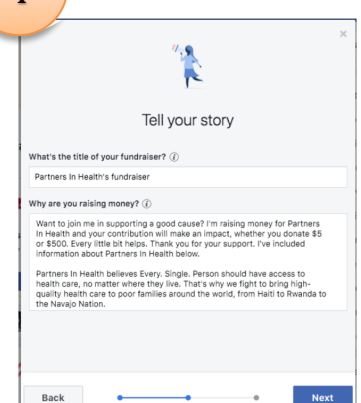

Search for and select Partners In Health

3

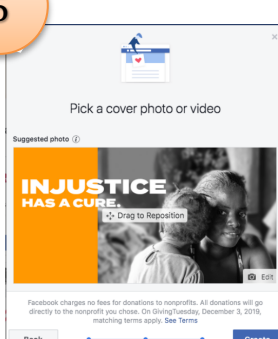

Fill in how much you would like to raise and when you want the fundraiser to end.

4

Keep this text or tell your own story about Partners In Health.

5

Create your fundraiser!

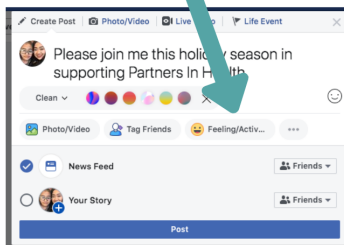

Add a donate button to your Facebook post

Click **What's on your mind?** on your News Feed or timeline and then follow one of these options:

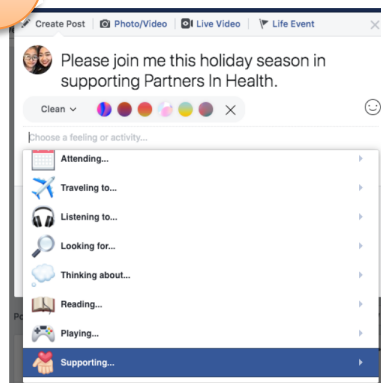

- Write your post and tag **@partnersinhealth**, click **Post** and then click **Add Button** to confirm that you want to add a donate button.
- Write your post and click 😊 **Feeling/Activity** and scroll down to click **Supporting**. Type in and select **Partners In Health**, click **Post** and then click **Add Button** to confirm that you want to add the donate button.

1

Create a post and then click
Feeling/Activity

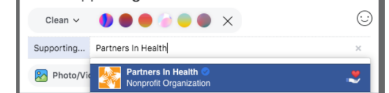

2

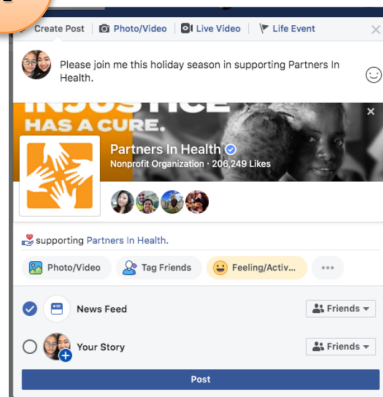

Scroll down and select Supporting...

3

Search for and select
Partners In Health

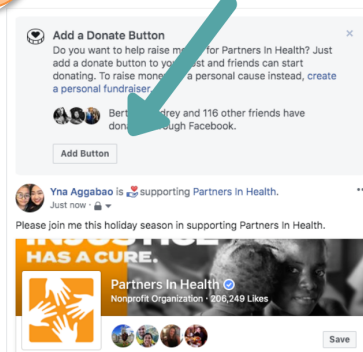

4

Click Post!

5

Click Add Button to add a
fundraising button to your post.

Add a donation button to your Instagram Story

- Click **Your Story** to create a new story.
- Create your story with the photo of your choice then click the Sticker icon.
- Scroll down and click the **Donation** button. Search for and click **@partnersinhealth**.
- Finish editing your Story then post.
