ENGAGE

OVERVIEW

Our Mission

PIH Engage is a grassroots network mobilizing local communities to build a global movement for the right to health. We recruit, train, and equip dedicated teams of volunteer community organizers who mobilize their communities in the fight for health equity. With each campaign, petition, and event, we generate new resources, foster public discourse, and advocate for policies that advance the right to health worldwide.

OVERVIEW

Global Movement, Global Network

Socios En Salud (SES Perú) Engage

Over the past year, SES Engage was led by the team at Universidad Continental in Huancayo, Peru. This upcoming year, we are formalizing two teams: Universidad Nacional Mayor de San Marcos and Universidad Peruana Cayetano Heredia. Through our growing network, we hope to increase our impact on our advocacy, education, and fundraising.

2021-2022 Impact

- Collectively fundraised s/. 5233 Peruvian soles that impacted 55 beneficiaries through 3 fundraising events
- Improved leadership capacity through 15 coaching calls
- Raised awareness and harnessed motivation via 2 educational events

Compañeros En Salud (CES México) Embajadores

During 2021, with the leadership of volunteers, the CES Embajadores Network was launched in Mexico. Two teams within the Tecnológico de Monterrey in Guadalajara and Monterrey include medical and international relations students. In the upcoming year, we aim to expand our network across Mexico through three new teams.

2021-2022 Impact

- Led 4 educational and recruitment events that led to 20 new members joining CES Embajadores
- Held 2 fundraising events for medical equipment at the Casa Materna de Siltepec in Chiapas, Mexico

ADVOCACY

Network Goal

1

Generate congressional support to pass legislation that strengthens health systems toward equity.

Achivements

110

congressional meetings

491

congressional calls/emails

12

LTEs published or submitted

78

relationships with MoCs

Outcomes

47

co-signers for the Nullifying Opportunities for Variants to Infect and Decimate Act (NOVID)

20

co-signers for the Public Health Infrastructure Saves Lives Act (PHISLA)

FUNDRAISING

Network Goals

- 1 Engage 2,000 donors who are connected to PIH's mission
- 2 Fundraise \$125K for the Maternal Center of Excellence in Sierra Leone

Achivements

\$100,781
raised

1,105
donors

213
Engagers personal
fundraising

37
fundraising events

Outcomes

After a second year of successfully supporting the Maternal Center of Excellence (MCOE) in Sierra Leone, Engagers have contributed to collectively making the MCOE a reality. While it has been over a year of the groundbreaking ceremony in Kono District, MCOE construction has continued to be led by Build Health International. PIH Sierra Leone colleagues have also continued to plan for the health workforce support needed once the MCOE opens its doors to provide high-quality health care.

COMMUNITY BUILDING & EDUCATION

Network Goals

1

Build a constituency of 650 dedicated team members who are highly fluent in our three learning objectives, continually foster inclusivity, and develop self-reflective leadership

Achivements

379

Crash Course completions

12

Bending the Arc screenings

989

people reached through
events

61

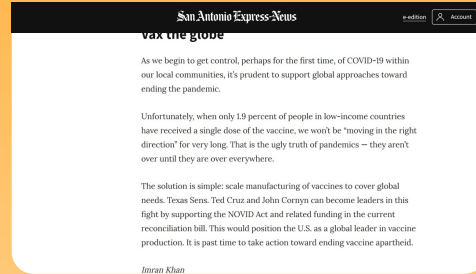

team events

Outcomes

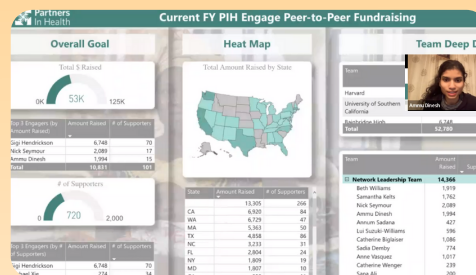

While the pandemic has challenged our efforts to recruit new Engage members, we built strong communities around PIH values, reflected on the persisting impact of racism and colonialism, and committed to reparative action.
