Letter to the Editor: Lawmakers need to commit to ending HIV/AIDS

POSTED: 02/15/16, 5:38 PM EST | UPDATED: ON 02/15/2016 | 1 COMMENT

Last Tuesday, President Barack Obama's final budget was released in the morning. Totalling \$4.1 billion, it includes many budget proposals that could spell out changes for the United States over the final year of his term. However, one area in which it is completely lacking is increased funding for global health priorities.

Reader's view: Fight against AIDS requires more federal government money

By Julia Mandsager Komatsu from Duluth on Dec 1, 2015 at 12:11 a.m.

I'm a medical student in Duluth, and I'm writing because today, Dec. 1, is World AIDS Day. According to the Minnesota Department of Health, 7,960 Minnesotans were living with HIV/AIDS in 2014. In the same year, there were 307 new cases of HIV, up 2 percent from 2013. Globally, there were 26.9 million people living with HIV, including 2 million new cases, according to the World Health Organization.

While there have been major improvements in HIV treatment and management, this virus still is deadly. In 2014, there were 64 AIDS deaths in Minnesota and 1.2 million globally.

Letters to the Editor Worksheet

This worksheet was created by Matt Erdos (Advocacy Lead, PIH Engage Boston University) and adapted by the National Team. Thanks, Matt!

A *Letter to the Editor (LTE)* is a letter sent to a publication about issues of concern from its readers. Letters to the editor are typically 150 words (that's short!) and have a single main point and single author (you, not PIH). A letter to the editor should be positive and current to hook in readers, while focusing on a clear and concise message about a problem.

Let's practice!

What is the publication in which you are looking to get published? (Ex. The Daily Free Press, BU Today, Boston Globe, etc.)

What are the publication's rules for submitting Letters to the Editor? (Hint: Use Google!)

What is the problem you would like to discuss? (Ex. Cuts to Global AIDS funding under the Obama administration has scaled back progress towards ending HIV/AIDS)

- **What's the problem?**
 - One sentence summary
 - Be clear
 - Think big picture
- **What's the solution?**
 - Use the rationale for our advocacy asks
 - Write the ask(s) in 1-2 sentences

- **Call to Action**
 - Name the target
 - Ask voters for something
 - Ask target for something
