**Reader's view: Fight against AIDS requires more federal government money**

By Julia Mandagie Komatsu from Duluth on Dec 1, 2015 at 12:11 a.m.

I’m a medical student in Duluth, and I’m writing because today, Dec. 1, is World AIDS Day. According to the Minnesota Department of Health, 7,960 Minnesotans were living with HIV/AIDS in 2014. In the same year, there were 307 new cases of HIV, up 2 percent from 2013. Globally, there were 26.9 million people living with HIV, including 2 million new cases, according to the World Health Organization.

While there have been major improvements in HIV treatment and management, this virus still is deadly. In 2014, there were 64 AIDS deaths in Minnesota and 1.2 million globally.

**Inform on solution**

By passing a $525 million annual increase to the funding, Congress has the ability to double the number of people on antiretroviral treatment to 30 million by 2020, putting us on track to potentially end the global AIDS epidemic by 2030.

Letters to the Editor Worksheet
This worksheet was created by Matt Erofs (Advocacy Lead, PIH Engage Boston University) and adapted by the National Team. Thanks, Matt!

A Letter to the Editor (LTE) is a letter sent to a publication about issues of concern from its readers. Letters to the editor are typically 150 words (that’s short!) and have a single main point and single author (you, not PIH). A letter to the editor should be positive and current to hook in readers, while focusing on a clear and concise message about a problem.

Let’s practice!

What is the publication in which you are looking to get published? (Ex. The Daily Free Press, BU Today, Boston Globe, etc.)

What are the publication’s rules for submitting Letters to the Editor? (Hint: Use Google!)

What is the problem you would like to discuss? (Ex. Cuts to Global AIDS funding under the Obama administration has scaled back progress towards ending HIV/AIDS)
• What’s the problem?
  • One sentence summary
  • Be clear
  • Think big picture

• What’s the solution?
  • Use the rationale for our advocacy asks
  • Write the ask(s) in 1-2 sentences
• Call to Action
  • Name the target
  • Ask voters for something
  • Ask target for something
What’s in a Hook?
• **What’s the hook?**
  • Respond to an article
  • Respond to current events
  • Be the hook
Putting it all together

1. Begin with your hook
2. Add your problem
3. Add solutions
4. Add the call to action
5. Check for flow and rules
6. Submit your letter
7. Fill out LTE report form!
