 - Pronouns
 - Chapter and leadership position (if applies)
 - Favorite ice cream flavor!

Agenda

Agenda

- Key actions review
- Legislative Process/Cosponsors
- Congressional Committees/
- MoC Office staff structures
- "champions scale"
- Activity

Review: How do we influence Congress? 3 key ways

- 1) Write letters, call, and meet with our members of Congress (MoCs) urging them to support key legislation.
- 2) Receive and **submit "funding request forms"** to our MoC offices.
- 3) Get MoCs to sign onto "Dear Colleague letter" petitions.

Legislative process

Dear Colleague Letter Signons

- How do I know if my MoC signed onto a DCL?
- Find your rep & senators here: https://www.govtrack.us/congress/memb ers
- Go to: <u>spreadsheet of FY22 sign-ons</u> to see if your representative and senators signed onto Dear Colleague letters for Bilateral TB or The Global Fund last spring.

Support PEPFAR and the Global Fund to Fight AIDS, Tuberculosis, and Malaria

Please join Representatives Barbara Lee (D-CA) and Ann Wagner (R-MO) in the call for strong support for our bilateral global HIV/AIDS response, and our multilosteral global HIV/AIDS therecalosis; and malaria response. For information please contact Data habitativitimal house, any in Rep. Lee's office or Molly Burke(signal house, gone; in Rep. Wagner's office.

To cosign, please fill out this form.

The closing date for this letter is NOON on March 25, 2019

Dear Chairwoman Lowey, Ranking Member Granger, and Ranking Member Rogers:

As you consider the Fiscal Year (FY) 2020 State, Foreign Operations, and Related Programs
Appropriations bill, we write to request a continuation of critical and timely support for the President's
Emergency Plan for AIDS Relief (PEFFAR) and the Global Fund to Fight AIDS, Tuberculosis, and
Malaria (Global Fund). We are grateful for your past leadership in ensuring these programs continued to
be robustly funded. We look to you again as PEFFAR and the Global Fund work towards the rapid
acceleration of HIV prevention and treatment programs as global efforts focus on the goal of ending the
AIDS epidemic by 2030.

U.S. leadership through PEPFAR and other bilateral investments, along with multilateral investments in the Global Fund over time have been transformative in fighting the deadly HIV/AIDS epidemic that was devastating countries, and the results are astounding. In 2018 PEPFAR supported life-saving antiretroviral treatment for 14.6 million people, including over 700,000 children. Through PEPFAR support, over 6.8 million orphans, vulnerable children and their caregivers accessed critical care and support services and since its inception more than 2.4 million new infections were averted in children.

By working hand in hand with countries and partners like PEFFAR, the Global Fund efforts have saved over 27 million lives since its inception in 2002. Its 2018 annual report shows that the Fund has supported 17.5 million people on anti-retroviral treatment for HIV, 5 million people treated for TB, and has distributed 197 million insecticide-treated bed nets for malaria prevention. To better tailor the HIV/AIDS programs to those most in need, allocations for prevention for key and vulnerable populations are up by nearly 30 percent for 2017-2019 ower the previous funding period. Similarly, progress on the TB epidemic hinges on finding the over four million missing cases each year. The Global Fund has focused efforts in 13 countries that account for 75 percent of missing people with TB globally to find an additional 1.5 million cases by the end of 2019.

The co-epidemics must be battled together to bend the curve against the diseases and increased investments and efforts are necessary to end the epidemics. PEPFAR and the Global Fund are not only leading global efforts to improve HIV care, but they also enable countries to improve the overall health of their citizens by creating a lasting infrastructure that positions partner countries to respond to a range of health challenges and threats. PEPFAR is pushing countries towards controlling their epidemics and with its new investment case for the 2020-2022 replenishment, the Global Fund aims to save 16 million more lives.

MoC Office staff structures

Congressional Staff: Duties and Functions of Selected Positions

Positions	
Chief of Staff	Grants and Projects Coordinator (House)
	Director of Special Projects and/or Grants (Senate)
Constituent Services Representative/Caseworker	Legislative Correspondent
Counsel	Legislative Director

Champion Scale

-1. Opponent, 0. Neutral/Uninformed, 1. Supporter, 2. Advocate, 3. Leader, 4. Champion

Level: 4 Champion

- ☐ Inquire on creating new legislative initiatives.
- ☐ Help MoC see that his/her efforts as a Champion are worth while.

Level: 3 Leader

- ☐ Inspire MoC to become more by providing a vision of what it means to be a champion: using examples inside and outside of Congress.
- ☐ Help MoC stake out his/her champion terrain on our issues.

Level: 2 Advocate

- ☐ Encourage MoC to consider taking individualized actions that go beyond the basics and demonstrate leadership.
- ☐ Help MoC find and deliver on his/her passion around one or more issues.

Level: 1 Supporter

☐ Move MoC beyond taking basic action toward being vocal (in media, public, and hearings) and enrolling colleagues.

Level: 0 Neutral--Uninformed

- ☐ Educate on issue or cause.
- ☐ Determine and start to build areas of support.
- ☐ Reach aides and decision-maker at emotional level
- ☐ Get them to take an action.

Level: -1 Opponent

- ☐ Weaken their opposition; move them toward neutral.
- ☐ Find common ground between your point of view and theirs.
- ☐ Educate MoC on issues in way he/she can relate to.

Exercise

Senator Ed Markey

- What state? What political party?
- What committees are they on?
- Have they cosponsored S.1976?
- Did they signed onto the Global TB DCL for FY22?
- What is their position on US/domestic health?
- What are previous positions on funding for global health?
- Who is Ed Markey's foreign policy aide? What is their email?
- Where are they are on the champion scale in regards to domestic health? Global health?
- What methods would you take to move the Senator on S.1976?

1. Form Steering Committees

steering committees are Four created, one for each party in each chamber. Each has its own unique structure that is determined by party rules, and the parties frequently make small changes. Some steering members are directly chosen by floor leadership. Some are automatically elevated because of their position as a party or committee leader, such as the deputy whips. Other steering members are elected by rank-andfile members to serve as regional representatives.

2.

Deliberation and Voting

Steering committees formed for several weeks, the steering committee members debate how they will assign spots on the legislative committees. During this time, colleagues will lobby them for desirable assignments. Steering committee members eventually reach consensus on the assignment list and vote to finalize them.

3.

Final Votes & Approval

Once the steering committee has made its recommendations, the party caucus as a whole will vote to approve. Then, the entire chamber will vote to approve both parties' lists. These votes are largely a formality, since the steering committee recommendations are always accepted.

Source: Casey Botticello of Black Edge Consulting

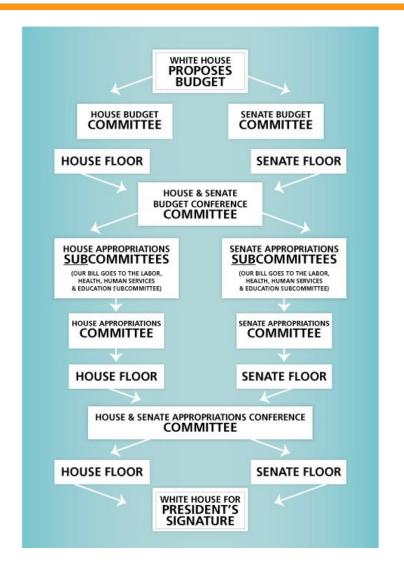

Appropriations Cycle

- January: Annual appropriations process begins for the next Fiscal Year (October 1 September 30)
- All year, and especially from January-June: Build support through calls, letters, meetings, and media on key issues
- March-April: Ask members to sign Dear Colleague Sign-On Letters "wish-list letters" that are submitted to State and Foreign Operations Appropriations Subcommittees (March in the House, April in the Senate)
- March-April: Get members to attend hearings on key issues in the House Foreign Affairs Committee, Senate Foreign Relations Committee, and House and Senate Appropriations Committees
- May-June: Key appropriations markups and votes in subcommittees
- **September-October:** Appropriations negotiations between House and Senate leadership and White House ahead of the final budget. If Congress and the President do not agree on a budget in time, Congress must pass a "continuing resolution" to extend the deadline, otherwise the government is "shutdown," closing/furloughing non-essential programs and federal employees.

Appropriations Cycle

Quick Guide to the U.S. Appropriations Process

The Federal Budgeting and Appropriations Process

July – February Executive Branch Process

March – June Legislative Process

July – October Congress Finalizes Spending Levels

BUDGET FORMULATION

- OMB gives guidance to federal agencies about levels of funding and priorities.
- The agencies work within those guidelines to structure a budget proposal.
- OMB makes final decisions about the agencies' proposed budget.

BUDGET SUBMISSION

 Generally, the President's Budget Request is submitted to Congress on or about the 1st Monday in February.

HOUSE AND SENATE BUDGETS

 The House and Senate develop their own budget resolutions to set spending levels. These will often deviate from each other as well as from the President's request. These resolutions are **NOT signed into** law.

APPROPRIATIONS

 The House and Senate
 Appropriations
 Committees, through their 12 subcommittees, hold hearings to examine the budget requests and needs of federal spending programs.

APPROPRIATIONS CONT.

- The House and Senate then produce appropriations bills to fund the federal government.
 These bills are
- "marked-up," amended as needed, and approved by the Appropriations Committees.

FLOOR CONSIDERATION

- After approval by the Appropriations Committees, the bills head to the House and Senate floors where they may be further amended and eventually passed.
- Most times, the bills passed by the House and Senate differ in some significant ways and must be reconciled.

FINAL PASSAGE

- Once a final bill has been negotiated between the two chambers, it must then pass the House and Senate and be signed by the President.
- If Congress cannot agree on new funding levels before Oct. 1, a continuing resolution is required.

Regular Appropriations (Budget Authority)

Subcommittee	FY 2015 Appropriation	FY 2016 House 302(b)	
Agriculture	\$20.6 billion	\$20.7 billion	
Commerce, Justice, Science	\$50.1 billion	\$51.4 billion	
Defense	\$490.2 billion	\$490.2 billion	
Energy and Water	\$34.2 billion	\$35.4 billion	
Financial Services and General Government	\$21.8 billion	\$20.2 billion	
Homeland Security	\$39.7 billion	\$39.3 billion	
Interior and Environment	\$30.4 billion	\$30.2 billion	
Labor, HHS, Education	\$156.8 billion	\$153.1 billion	
Legislative Branch	\$4.3 billion	\$4.3 billion	
Military Construction and VA	\$71.8 billion	\$76.1 billion	
State, Foreign Operations	\$40.0 billion	\$40.5 billion	
Transportation, HUD	\$53.8 billion	\$55.3 billion	
TOTAL	\$1.014 trillion	\$1.017 trillion	

Dear Colleague Letters

Starting in February and continuing into late March or early April, SFOPs will hold hearings, take input from advocates, and, most critically, receive "wish list letters" or "Dear Colleague Letters" from members of Congress. The Chair (majority party leader) and Ranking Member (minority party leader) of SFOPs will consider input from their subcommittee members and from all members of Congress. PIH Engage advocates will meet with or write to their members of Congress, urging them sign onto these Dear Colleague Letters before mid-April.

"Champions Scale" Tool
